Re: In The Matter of the Broker Online Exchange, LLC For A Certificate to Provide Electric Supply Services within the State Of Delaware (Submitted: August 19, 2015) - PSC Docket No. 15-1313

Dear Mr. Arthur Gruen,

On August 19, 2015, Broker Online Exchange, LLC ("Broker" or the "Company") submitted an application ("Application") with Delaware Public Service Commission (the "Commission") for an Electric Supplier Certificate ("ESC") to act as a Broker in the State of Delaware pursuant to §1012 of the Electric Utility Restructuring Act of 1999, 26 *Del. C.* §1001 - §1020 (the "Restructuring Act") and 26 *Del. Admin. C.* §3001, the Commission's Rules for Certification and Regulation of Electric Suppliers (the "Supplier Rules").¹

On September 25, 2015, Staff forwarded Broker a list of deficiencies that required additional documentation in order to fulfill the minimum filing requirements ("MFRs") in accordance with Section 2.4 of the Supplier Rules. A response date of October 26, 2015 was requested by Staff. On October 15, 2015, Staff communicated with the Company's listed contact regarding the requested documentation and requirements set forth in the Restructuring Act and Supplier Rules. To date, the Company has not submitted any additional correspondence or attempted to rectify the deficiencies of this application.

At this time, the Company's application as submitted August 19, 2015 has not satisfied the requirements under the Restructuring Act and Supplier Rules to receive an ESC in the state of Delaware. The above referenced docket is not closed and the Application of Broker Online Exchange, LLC for an ESC is considered abandoned. Should the Company decide to pursue an ESC in the future, a new filing and filing fee would be required.

¹ Unless otherwise noted, all references to capitalized terms are set forth in the Restructuring Act and/or the Supplier Rules.
